Construction of a wall around SC/ST Colony in Peenya Village

† **SRI C. M. ARMUGHAM** —Mr. Speaker, Sir, in Bangalore city there is a place called Industrial Estate near Peenya Village where there is a colony consisting of poor people belonging to Scheduled Caste and Scheduled Tribes. There was a litigation to evict the people residing in that colony in order to build a posh locality by the Air Force Authorities. But having failed in the court the concerned authorities are now constructing a fort around that colony and the village. I was told that they have already started excavation work and foundation has already been laid to raise the wall around that colony. If the wall were to be built around this area it will be very difficult for the people to go out and there will be lot of congestion in and around the village. Therefore I urge upon the Government to issue necessary instructions to the Airforce Authorities to stop the construction of wall around that colony. The work might have been taken up by the Central Government for its offices. But they have to obtain prior permission from our State Government. Therefore, I request the Government to issue necessary instructions to the Deputy Commissioner and the concerned Officers to visit the spot immediately and take necessary steps to stop the construction of wall around that area. Otherwise the people belonging to Scheduled Caste and Scheduled Tribes of that locality have to suffer a lot, without proper amenities. My information is that the wall is being constructed to cover the place which they consider as ugly. Whatever may be the reason, the people of that area should not suffer in any way by improper planning by the authorities concerned. So, I submit that since this is a very serious matter the Government must take suitable

steps in this behalf and see that construction of the proposed wall is stopped forthwith. I also suggest that a small Committee under your leadership be constituted to investigate the matter.
